This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

MERCANTILE LIBRARY

Association of Baltimore

OF

BALTIMORE,

1858.

DONATED BY THE MERCANTILE LIBRARY ASSOCIATION NEW YORK CITY

BALTIMORE:
PRINTED BY SHERWOOD & CO.
N. W. CORNER BALTIMORE AND GAY STREETS.
1858

TO NEW YORK
PUBLIC LIBRARY
213791A
ASTOR, LENOX AND
TILDEN FOUNDATIONS
R 1925 L

PREFACE.

In publishing this Catalogue in its present form, and at this time, the Board of Directors beg leave to make the following explanation:

The volume published in 1851 consisted of an Alphabetical Catalogue, and a Supplement thereto, and a Classified Catalogue, in which the books were placed in the special department of Literature to which they belonged—all arranged in alphabetical order by the Author's names; and an alphabetical list of Titles of the Novels, which contained all the books in the Library to that time. A number of copies of this publication remaining on hand, they have now added to it, and bound in this volume, a Supplementary Catalogue to the 1st of January, 1858, arranged in the same alphabetical order, without any other classification of its contents than an alphabetical list of the Titles of the works of fiction. As they are not able, at this time, to publish a complete Catalogue, with a proper classification of the books added, they have thought it better to offer the members one in this form, than to have the old one, containing only about two-thirds of the books in the Library, continue longer in use.

June, 1858.
